Public Consultation – Response

Dear Sir/Madam,

The Transport and Mobility Forum, Cork (TMF) is a representative group of organisations who have a common interest in sustainable travel *. The TMF fully supports sustainable modes of travel measures and policies. Sustainable and Active Travel (walking and cycling) helps reduce congestion on roads, improves air quality, supports a low carbon economy, reduces noise pollution and improves public health.

SDGs, ...

General Considerations

We strongly support this proposed scheme as it will improve the safety, accessibility, and desirability of this section of road for pedestrians and cyclists, in particular.

We would like to further mention that this scheme is well designed in that it uses interventions such as decreasing curb radii and visual narrowing rather than purely relying on speed bumps as is often the case in Irish traffic calming schemes. This is a far more effective and desirable intervention and has our full support

Should you require any clarifications, please email me at tmfcork@gmail.com .

Kind regards

Transport & Mobility Forum

Dr Darren McAdam-O'Connell (chair)

Stephan Koch
