Public Consultation – Response

Kilcully Pedestrian Safety Scheme

Dear Sir/Madam,

Thank you for giving the general public and stakeholders the opportunity to feed into the Kilcully Pedestrian Safety Scheme. The Transport and Mobility Forum, Cork (TMF) is a cross-sectoral representative group of organisations who have a common interest in sustainable travel *. The TMF fully supports measures and policies promoting sustainable and active travel. Sustainable and Active Travel (cycling and walking) help to reduce congestion on roads, improve air quality, support a low carbon economy, reduce noise pollution and improve public health.

As such it is the TMF's aim to support the UN's Sustainable Development Goals, in particular SDG 3 (Good Health and Well-Being), SDG 11 (Sustainable Cities and Communities) and SDG 13 (Climate Action).

Transport & Mobility Forum

Overview

We broadly support this proposed scheme, as it will improve the safety, comfort, accessibility, and desirability of this section of road for pedestrians, in particular. We are slightly disappointed to see no dedicated provision for cyclists, however, we recognise and appreciate that this is a low-priority location for cyclist provision and that scheme as proposed is slightly positive for cyclists.

We would be obliged to further participate in the discourse and planning processes around active travel schemes as we feel that TMF can provide a valuable input into the process. Please do not hesitate to contact us at any time under tmfcork@gmail.com.

Kind regards

Stephan Koch
